Urgent[®] PC

NEUROMODULATION SYSTEM

Whether you call it stimulation or neuromodulation, Urgent PC is the only percutaneous tibial nerve device with PROVEN data, experience and support.

**LEARN MORE AT
URGENTPCINFO.COM/PROVEN**

WE'VE ALWAYS HAD YOUR BACK ... AND FOOT.

Since Launching Urgent[®] PC in 2003:

- » Over a million treatments in thousands of clinics
- » 50 clinical publications, including major RCTs and sham-controlled studies
- » PTNS is a recommended therapy in the AUA/SUFU OAB diagnosis and treatment guideline
- » PTNS therapy reimbursed nationally by Medicare; countless private payers

THE “S” IN PTNS STANDS FOR ~~STIMULATION~~ ^SUPERIOR

The Urgent PC approach to PTNS is:

- » Superior to sham in reducing frequency, incontinence episodes, nighttime voids and urgency¹
- » Superior to drugs in subjective response with comparable objective response²
- » Proven to provide substantial, sustainable outcomes in up to 80% of patients³

Our Proven Commitment to Your Urgent PC Program

- » Staff training and education
- » Practice and patient education tools
- » Practice enhancement programs
- » OAB Care Blog

Urgent PC is indicated to treat overactive bladder and associated symptoms of urinary urgency, urinary frequency and urge incontinence. Most patients do not experience side-effects. If side effects occur, they are typically temporary and include mild pain and skin inflammation at or near the stimulation site. CAUTION: Federal law (USA) restricts this device to sale by or on the order of a physician. For complete instructions for use, storage, warnings, indications, contraindications, precautions, adverse reactions and disclaimer of warranties, please refer to the insert accompanying each Urgent PC product or online at www.cogentixmedical.com. Urgent is a registered trademark. Urgent PC is manufactured by Uroplasty LLC. Models are for illustrative purpose only. © 2016 Cogentix Medical. All rights reserved. 20376A 03/16
